

CAMBRIDGE WINTER EASTER SUMMER CAMPS 2023

CAMBRIDGE CAMPS can be life changing.
You'll experience a camp of challenge,
discovery, connection and growth.

**AGE
10-18**

Welcome to Cambridge

Cambridge is located about 60 miles (100 Km) from London. Its university was founded in the twelfth century by disaffected academics from Oxford University. The oldest building from that time is in St John's College but the oldest surviving college is Peterhouse. Cambridge and Oxford are similar distances from London: Oxford lies to the west and Cambridge to the north.

Cambridge and the surrounding area hold an unrivalled reputation for being a centre of excellence both in learning and ambience. Now its famous Colleges are home to over 17,000 students – Kings College Chapel is a familiar image all over the world. Cambridge's heritage also includes an outstanding record of scientific and artistic achievements – Newton, Darwin, Wordsworth, Milton, Ian McKellan, John Cleese, Emma Thompson and Zadie Smith were all educated here. Cambridge is small and can only be visited on-foot. Expect to walk for most of your visit. We do hope that by joining us in Cambridge next summer you will also be able to experience and take advantage of all of that Cambridge has to offer.

Cambridge Camp Courses for 2023:

Students can stay for a minimum of one week but we would recommend 2 weeks minimum to get a full experience of what is on offer.

- ✦ **Cambridge English**

 - ✦ **Global Scholar Course**
 - ✦ **Computer Programming & ICT**
 - ✦ **SAT Prep.**
 - ✦ **UK University Preparation Courses**
 - ✦ **Other bespoke exam revision options**
-

Arrival & Departure:

- Students begin lessons on a Monday and should aim to arrive on Sunday afternoon
- On departure rooms must be vacated by 10am Saturday morning
- When booking your flights, please check with your airline what documents are required if your child is classified as an 'unaccompanied minor', usually applies to travellers under 17 years old
- Students under 17 will be met at the airport arrival hall and accompanied through to the entrance of the departure hall when returning home
- Arrivals that are outside of Sunday afternoon times have to be discussed with the Admissions Office and may be subject to an additional fee

Excursions and Activities:

we believe that there is a lot of learning exposure students get through excursions hence we arrange visits of some cultural interest combined with either sight-seeing, shopping or an arranged activity. Typical activities include; a tour of Oxford, Stratford-upon-Avon, punting on the river at Cambridge, a day out at Alton Towers Theme Park and London where we make visits to art galleries and many of the well known tourist attractions.

However students must be prepared to do lots of walking as this is usually the easiest and most enjoyable way to see our cities!

*Each year we try to vary the places we visit and make our choice in line with the ages and interests of the students and events that are taking place in the UK.

The afternoon excursions will have an educational theme and trips are selected in line with the weather conditions at the time. Our summer weather can vary!

The social programme will take place every evening between 19.00 – 21.00 and will include various activities including craft nights, in-house entertainment and sports; Badminton, Basketball, Football, Volleyball, Table Tennis and Tennis. Students should also pack a swimming costume, as we sometimes visit the local pool.

Sample weekly timetable

	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Morning	Arrival/depart	Classes	Classes	Classes	Classes	Classes	Full day trip
Afternoon	Optional local activity	Activity	Local trip	Activity	Leisure activity	Activity	BBQ
Evening	Sports	Games	Sports	Arts & Crafts	Film Nights	Sports	

Please note: the above sample programme should be taken as an example and may not be entirely representative. Activities and sport may be subject to change due to adverse weather conditions.

Classes:

Maximum 12 students per class

Choose Cambridge Camps:

- For the perfect introduction to studying in the UK
- For the ideal preparation for a British education
- For an introduction to the English language
- For high-quality teaching in small class sizes with qualified and experienced teachers
- For strong pastoral care in comfortable accommodation

Recreational Programme:

Cambridge Summer School runs an exciting recreational programme suitable for children of all ages. After a morning of studying, pupils can enjoy an afternoon of sport and activities, and in the evenings there will be a social programme designed to build friendships.

Afternoon Tennis T-Shirt Design Football Climbing Wall Fencing Wide Games Archery
Evening Quiz Night Beach Games Arts & Crafts Karaoke Disco BBQ Movie

Excursions

Travel, food and group activities are included in the course fees. Additional drinks, refreshments, souvenirs and personal shopping are extra and should be paid for by the student.

There will be an optional trip to London .This is at an extra cost of £95.

There are limited places for this trip which will be allocated to students who sign up first.

We will go on one excursion per week and destinations are likely to be:

- Full academic report and certificate of attendance provided
- Daily programme of sports using Cambridge superb facilities
- Cultural and social activities on and off campus
- 24 hour supervision
- Located in the east of England - a safe and secure place to spend the summer holidays
- Meet and greet service from Heathrow, Gatwick and Stanstead airports*
- Course fees include all tuition, teaching materials, accommodation, food, laundry and leisure programme may incur extra cost.

Courses We Offer

Students can stay for a minimum of one week but we would recommend 2 weeks to get a full experience of what is on offer.

INTRODUCTION TO LAW

Students will look at the different specialist areas of law, the ethical and political principals that underlie the way Law operates and issues highlighted in case law.

Students will learn about constitutional law, jurisprudence, legal systems and reasoning, criminal law, tort law and the ethical issues surrounding law.

INTRODUCTION TO ENGINEERING

Students will gain an understanding of the different specialist areas of engineering, improve their technical and analytical skills, focus on the academic knowledge needed and learn how to pursue a career in engineering.

INTRODUCTION TO MEDICINE

Students will be given an insight into the practical and theoretical knowledge needed to study medicine such as human anatomy and the science behind medicine. This gives students the ability to assess whether they would enjoy and be suited to a medical career in the future.

SAT PREPARATION

This course focuses on all areas of SAT preparation: Critical Reading, Mathematics and Writing. Students will take part in practice tests and will be provided with continuous feedback on how to answer and prepare for each question

UK UNIVERSITY PREPARATION COURSES

This course provides students about to commence Sixth Form the relevant subject overview, skills, and know-how to navigate the courses. It is a perfect introduction to Sixth Form Studies and Study Skills to transit effectively from Secondary to Sixth Form studies.

UK A'LEVEL/IB PREPARATION COURSES

This course provides students with advice and information for applying to UK universities. The course highlights what is expected of students when applying, writing their personal statement and throughout the interview process.

CAMBRIDGE ENGLISH (IMMERSION IN THE ENGLISH CULTURE)

Students will participate in an intensive English programme targeting reading, writing, and speaking Live and interact with native English speakers giving them the opportunity to further their language skills

FILM MAKING COURSES

Production, planning, script writing and story boarding. This enables them to try out different roles and various techniques
Stunning Cambridge scenery and architecture for shooting

YOUTH ENTERPRISE COURSES

Students will learn the foundations of running their own business, from the skills needed to be a successful entrepreneur to gaining an understanding of the global financial markets. They will learn the fundamentals of Business and Economics.

LEADERSHIP

Students will learn about the skills and knowledge required to be a successful leader. In addition to theoretical knowledge, students will also develop practical skills such as communication, public speaking and team work.

Improve students' knowledge of political theory, international relations, sociology and global economics and business.

Speaking and leadership abilities

CAMBRIDGE SPORTS CAMP

The goal of the sports camp is to enable students improve their skills, make new friends and build character and lasting relationships through sports.
